

AAPEX 2024 Exhibition Report

MEIJI SANGYO COMPANY participated in *AAPEX 2024 as a Bronze Sponsor*, which took place in Las Vegas, Nevada, USA, from November 5th to November 7th, 2024.

This marked our return to the event after approximately 20 years, providing an excellent opportunity to promote our flagship brand, Seiken, to both existing and new buyers in the North and Latin American markets.

We set up a prominent 600 ft booth near the venue's entrance, allowing visitors to experience our products firsthand and effectively showcasing the wide range of Seiken products.

For more information, please refer to the following link: <https://www.aapexshow.com/>

We would like to take this opportunity to express our sincere gratitude to everyone who visited our booth.

We aim to continue to actively participate in such exhibitions in the future.
