

Product Information

PROFIX FLUSHING OIL

- PROFIX flushing oil is oil specialized for flushing developed for washing the interior of automotive engine. This product is skillfully blended with highly purified paraffin base oil with superior detergent dispersants and detergents.

Characteristics (Typical Figures)

Viscosity at 100°C	mm²/s	5.033
Viscosity at 40°C	mm²/s	28.32
Viscosity Index	-	103
Flash Point COC	°C	222
Density at 15°C	g/cm³	0.8695
Total Base Number	mgKOH/g	2.26

PROPERTIES AND PERFORMANCE OF PROFIX FLUSHING OIL

- Excellent cleansing action. It has the effect of uniformly dropping sludge accumulated in the lubrication system, dirt such as carbon etc.
- Paraffin base highly refined base oil is used and it mixes thoroughly with engine oil so it can be used with confidence and there is no hindrance to engine oil even if slightly remaining.

How to use PROFIX FLUSHING OIL

- Add 2/3 of the engine oil amount, please idle for about 10 minutes and then remove it. In that case, please be sure to change the oil element.
